

Alien Creation

Instructions: Use the notebook of 车老师 to discover what other aliens exist amongst the stars. You will be creating your own alien after completing a series of below statements using measure words and adjectives. Select a number or adjective for each of the sentences (you may want to use a number die or playing cards for random numbers). Be sure to include the correct measure words with each part of your alien. There is an empty space for you to decide what other unique features your alien will have.

"All 外星人(wàixīng rén) have eyes, arms, and one mouth. Most have legs and tails. Many have distinguishing features like spots, stripes, horns, or wings."

眼睛(yǎnjīng-MW:只) 斑点(bāndiǎn-MW:个)
手臂(shǒubì-MW:只) 条纹(tiáowén-MW:道)
嘴巴(zuǐbā-MW:张) 角(jiǎo-MW:个)
腿(tuǐ-MW:条) 翅膀(chìbǎng-MW:个)
尾巴(wěibā-MW:条)

"外星人(wàixīng rén) can be very colorful or not at all."
颜色(yánsè-MW:种)

"外星人(wàixīng rén) are commonly described in a variety of ways. Here are the common adjectives I found."
tall - 高(gāo) short - 矮(ǎi)
fat - 胖(pàng) skinny - 瘦(shòu)
furry - 毛茸茸(máoróngróng)
smooth - 光滑(guānghuá)

"There are so many 外星人(wàixīng rén) still to discover."

Example:

我的外星人有 一 张 嘴巴(zuǐbā)

measure word

我的外星人有 _____ 眼睛(yǎnjīng)

measure word

adjective

我的外星人是 _____ 的

adjective

Draw Your Alien

Based on your answer from the front of this page, draw your alien that accurately represents the statements in the notebook below. Have fun and be creative!

Finish the description from 谢心月 in the thought bubble about this newly discovered 外星人. Answer the prompt your teacher gives or write a fun fact about the alien.
